

A Good Reason.
Mrs. Dunk (in the midst of her reading)—If that "embalmed beef," as they call it, was so dangerous that it killed the common soldiers that eat it, it seems to me they'd have some of 'em testifyin' about it.
Barney Dunk—Well, I s'pose the reason they don't is because them that was killed by the darned stuff ain't in a position to testify, an' them that wasn't killed by it don't know whether it would have killed 'em or not.—Judge.

IN FAVOR OF THE CENTAUR CO.

Judge Adams Granted an Injunction in the Castoria Case.
In the United States Circuit Court Tuesday afternoon Judge Adams handed down an opinion in the suit of the Centaur Company, of New York City, against Samuel W. Eallinger, of St. Louis, the suit being for an injunction to restrain the defendant from using the plaintiff's remedy, "Castoria."
It was stated in complainant's bill that the Centaur Company, of which Charles H. Fletcher is president, is the sole manufacturer of "Castoria," and alleged that the defendant had been selling medicine in packages closely resembling those of the New York firm. A preliminary injunction was prayed for to restrain the defendants from in any way pirating upon the complainant's business. The bill averred that the damages sustained were large, but could not be estimated. The plea of the defendant was that he had a right to do as he had done.
Evidence in the case was taken by affidavits. Judge Adams, without leaving the bench, delivered an opinion in which he denounced imitators of well-known medicines. He said the practice was a species of robbery and he would grant the injunction sought.
The medicine "Castoria" was at first protected by patent and later by label and trade mark. The plaintiff claimed that other decisions similar to the one handed down yesterday have been secured in the Federal courts, cases being innumerable in Chicago, Indianapolis, District of Columbia, Texas and New Jersey, in all of which the courts granted injunctions.
The attorneys in this suit were Sedon and Blair of St. Louis, and F. H. Scott, of Chicago, for the complainants and Michael Kinnally for the defendant. The preliminary injunction is understood to settle the point of law involved, but the question of damages will be adjudged when the case has its final hearing.
The bottles of the original "Castoria" manufactured by the Centaur Company bear the facsimile signature of the president, Charles H. Fletcher, on the label, while the bottles sold by the defendant company bore on the label the words "Pitcher's Baby Castoria." It is said that criminal proceedings will follow, and that several arrests may be made.

A WISH GRATIFIED.
The Slangy Young Man's Sire Gives Him the Wherewithal to "Raise the Dough."
"My son," said the old gentleman very properly objects to slang. I have been thinking over your remark this morning, and I am inclined to think I may have been a little hasty in my decision."
"Thank you, governor."
"I believe in clearly understanding a case before reopening it. Now, as I remember the conversation, your call at the office was prompted by a desire to 'raise the dough'; that is to say—
"Never mind. I ask for no explanations. I do not seek to inquire into all the trivial details of your life. I accept them as I do the wild flowers among the grain. They are useless, but they are cheering to contemplate. There are many things I do not understand, among them being golf, lawn tennis and football. But I do not assume to interfere with your innocent diversion any more than I undertake to keep track of the current fad. If you want to give up experiments with the chaffing dish and go to work with an oven, I have no objection to offer, nor will I let the mere matter of expense stand in your way. I was rather busy when you spoke to me about raising the dough this morning. I know that I spoke shortly; but my heart is in the right place, and I am sure you will be glad to deny your slightest request. Here, my boy, is two cents. Go and buy yourself a cake of yeast."—Washington Star.

Easy Way to be Generous.
In the Baptist church of a New England village was an old man who had all the Christian graces save one, and that one was the grace of liberality. He would do anything in the world for the cause of religion but give up his money. At the close of the financial year of 1889 the church found itself \$400 in debt. A church meeting was called, and it was voted to circulate a subscription paper on the spot, and endeavor to thus raise the sum needed. This was done, and the old gentleman did not put his name on the paper. The result was rather disastrous, the \$2000 having been pledged. Silence reigned for a moment, when one of the most generous men in the church moved that "we double our subscriptions." Instantly the old gentleman was on his feet, and with extraordinary fervor cried: "I second the motion."
He evidently felt that he was thus doing his part in hastening a most desirable result.—Harper's Round Table.

Any Girl Can Tell
A physician who makes the test and is honest about it can tell you that, in many cases, the number of red corpuscles in the blood is doubled after a course of treatment with Dr. Williams' Pink Pills for Pale People.
That this means good blood may not be entirely clear from the doctor's statement, but any girl who has tried the pills can tell you that it means red lips, bright eyes, good appetite, absence of headache, and that it transforms the pale and sallow girl into a maiden who glows with the beauty which perfect health alone can give.
Mothers whose daughters grow debilitated as they pass from girlhood into womanhood should not neglect the pill best adapted for this particular ill.

Frank B. Trout, of 103 Griswold Ave., Detroit, Mich., says: "At the age of fourteen we had to take our daughter from school on account of ill health. She weighed only 90 pounds, was pale and sallow and the doctors said she had anemia. Finally we gave her Dr. Williams' Pink Pills for Pale People. When she had taken two boxes she was strong enough to leave her bed, and in less than six months was something like herself. To-day she is entirely cured, and is a big, strong, healthy girl, weighing 130 pounds, and has never had a sick day since."—Detroit Evening News.

The genuine Dr. Williams' Pink Pills for Pale People are sold only in packages, the wrapper always bearing the full name. At all druggists, or direct from the Dr. Williams' Medicine Co., Schenectady, N.Y. 50¢ per box.

"We are the Smith party," we replied.

"I saw you on a suburban train last night and you seemed to be greatly amused at something an old gentleman was telling you."

THE WHOLE SYSTEM
May Become Invaded by Catarrh
—General Lewis' Case.

Gen. James Lewis, Surveyor General of Louisiana.
Pe-ru-na Drug Mfg Co., Columbus, O.
"Gentlemen—I have used Pe-ru-na for a short time and can cheerfully recommend it as being all you represent and wish every man who is suffering with catarrh could know of its great value. Should I at any future time have occasion to recommend a treatment of your kind, rest assured that yours will be the one. Gratefully yours,
James Lewis."

Wherever the catarrh is, there is sure to be a waste of mucus. The mucus is as precious as blood. It is blood, in fact. It is blood plasma—blood with the corpuscles removed. To stop this waste, you must stop this catarrh. A course of treatment with Pe-ru-na never fails to do this.
Send for free catarrh book. Address The Pe-ru-na Drug Manufacturing Co., Columbus, Ohio.

I have used Ripans Tablets with so much satisfaction that I can cheerfully recommend them. Have been troubled for about three years with what called bilious attacks coming on regularly once a week. Was told by different physicians that it was caused by bad teeth, of which I had several. I had the teeth extracted, but the attacks continued. I had seen advertisements of Ripans Tablets in all the papers but had no faith in them, not about six weeks since a friend induced me to try them. Have taken but two of the small boxes of the Tablets and have had no recurrence of the attacks. Have never given a testimonial for anything before, but the great amount of good which I believe has been done me by Ripans Tablets induces me to add mine to the many testimonials you doubtless have in your possession now.
A. T. DAVIES.

I have been a great sufferer from constipation for over five years. Nothing gave me any relief. My feet and legs and abdomen were bloated so I could not wear shoes on my feet and only a loose dress. I saw Ripans Tablets advertised in our daily paper, bought some and tried one dose. Have taken them about three weeks and there is such a change! I am not constipated any more and I owe it all to Ripans Tablets. I am thirty-seven years old, have no occupation, only my household duties and nursing my sick husband. He has had the dropsy and I am trying Ripans Tablets for him. He feels some better but it will take some time, he has been sick so long. You may use my name and name as you like.
Mrs. MARY GORMAN CLARK.

I have been suffering from headaches ever since I was a little girl. I could never ride in a car or go into a crowded place without getting a headache and sick at my stomach. I heard about Ripans Tablets from an aunt of mine who was talking them for catarrh of the stomach. She had found such relief from their use that she had taken them too, and I have been doing since last October, and will say they have completely cured my headaches. I am twenty-one years old. You are welcome to use this testimonial.
Mrs. T. BROADBENT.

My seven-year-old boy suffered with pain in his head, constipation and complained of his stomach. He could not eat like children of his age do and what he did eat did not agree with him. He was thin and of a sallow color. Tablets regularly. He keeps a few cartons Ripans Tablets in the house and says she will not be without them. The heartburn and sleeplessness have disappeared with the indication which was formerly so great a burden for her. Our whole family take the Tablets regularly, especially after wonderful change I attribute to Ripans Tablets. I am satisfied that they will benefit any one from the cradle to old age if taken according to directions.
R. W. FRANK.

A new style bottle containing the RIPANS TABLETS packed in a paper carton (without glass) for the sick and the aged. This low-priced bottle is intended for the poor and the new arrival. One dose of the sweetest action (25 tablets) can be had by sending twenty-eight cents in the shape of a check or money order. New York—A single extra-large tablet will be sent for five cents. Tablets may also be had of some general druggists, some agents and some Ripans Dealers. They health pain, induce sleep and prolong life. One grain solid.
